

## History

Year 5 will be learning all about what life was like for the Ancient Egyptians. We will use different sources to find out about the past.

## Geography

Natural disasters—we will look closely at volcanoes and earthquakes to see what causes them and the affect it has on the people and area.

The River Nile— we will study the human and physical Geography of the River Nile at the time of the Ancient Egyptians.

## Science

Forces—we will look at different forces including wind resistance, air resistance, friction and gravity. We will carry out investigations to see how these different forces affect objects.
