

The Pupil Premium- Using it to 'Make A Difference'

What is the Pupil Premium?

The Pupil Premium is additional funding to help schools close the attainment gap between children from low-income and other disadvantaged families, and their peers. If a pupil has been eligible for Free School Meals (FSM) at any point over the past 6 years or has been looked after for one day or more (Child Looked After), the school receives an amount per head within their budget. A provision is also made for children who have a parent in the armed services.

Southwick Community Primary is a 2 form entry school with 460 children (including our community nursery). We serve an area of significant deprivation and our children enter school significantly behind age related expectations. Currently, the percentage of children eligible for Pupil Premium funding is 66% (Spring census 2019), this figure is consistent year on year, which is another significant barrier.

We are clear in our vision that all children are given the best possible chance to achieve their full potential through the highest standards of Quality First Teaching, focussed support, curriculum enrichment, and pastoral care.

We believe the additional provision delivered through the Pupil Premium funding should be available to all children within school who we know to be disadvantaged and vulnerable, irrespective of whether they are eligible for the funding. It should be noted, that many of the children identified as requiring additional levels of support are not necessarily those who fulfil the FSM eligibility criteria. There is no expectation that all Pupil Premium funded children will receive identical support and the allocation of the budget for each pupil feeds into the whole school budget as opposed to being ring-fenced. The school considers best ways to allocate Pupil Premium money annually following rigorous data analysis and the careful consideration of the needs of the children.

We have a clear, strategic 3-part model approach for Pupil Premium funding provision, which focuses on the following:

- whole-school strategies that impact on all
- focussed support to target under-performing/SEN children

- specific support targeting pupil premium children

School leaders and teachers regularly evaluate pupil premium outcomes to ensure the correct strategies and provision are in place.

Main internal and external barriers to learning:

- Low Attendance and high Persistent Absentees
- Vulnerable families and children with emotional and social needs
- School readiness (low academic baselines on entry)
- Delayed language and vocabulary skills (speaking & reading skills on school entry)

Desired outcomes of Pupil Premium

1. Children with low attendance/ high Persistence Absentee levels are supported and challenged
2. Continued support for families and children with social, emotional and health needs through the Pastoral Team
3. Continue to improve reading and a love of reading, throughout school, including those working at Greater Depth
4. Continue to develop reading, phonics, vocabulary, and Speech and Language in EYFS & KS1, and where appropriate in KS2
5. Continue to support children in Reading, Writing and Maths throughout the school
6. Improved school readiness and pupil enjoyment through Breakfast club
7. Curriculum to foster a lifelong love of learning and provide a Depth of Learning in PFA.

Supporting Academic/ Curriculum Outcomes			
Overview	Aims /Outcomes	Children	Cost
Speech and language interventions Provide small group and 1: 1 interventions as needed.	Improved vocabulary and language skills leading to improved outcomes in all areas of literacy due to early intervention.	Pupil premium pupils throughout the school	£15,000
