

Nursery Newsletter Summer 1

This half term we have had lots of fun learning all about the people who help us at home, in school and in our community. As well as exploring all of the transportation and vehicles which are used by these people. We've also spent lots of time exploring out outside area in the spring weather.

Police Officer Visit

We were lucky enough to welcome a special visitor during our exploration of people who help us PC Hart come into Nursery to tell us all about his role as a Police Officer. We learned about his uniform and the vehicles he drives, which number to call if we need help and how he helps to keep us safe in the community.

People who help us

We talked about different important roles, such as teachers, doctors, firefighters, police officers, and the people who help care for us every day. The children had great fun dressing up and acting out these different jobs through imaginative role play, exploring what each role involves and how they help others. We also spoke about which jobs the children would love to do when they are older, encouraging lots of exciting conversations about their hopes and dreams.

Lots of creative ideas

In Nursery we love to create, paint, model and make. Our imagination is able to run wild and we are always very proud of our creations, and we know you love it when the children bring them home for you to admire.

Outside fun

Outside learning is our favourite part of the day. We have so much to explore in the Nursery garden. The mud kitchen, water areas, the climbing frame, a giant sand pit, the forest area, the digging area and the nature garden. We improve our physical, exploration and team working skills every day plus lots more.

We will get muddy and wet so a change of clothes every day is very helpful.

Reminders

Last day of term – Friday 22nd May

School returns – Monday 1st June
