

Year 2 Newsletter Summer 2

History- As part of our History topic 'How Education Has Changed over Time', Year 2 took a trip to Beamish. We focussed on schools and how this compares to today's school life at Southwick. We then explored the rest of Beamish and were particularly interested in the mines and the way that homes have changed over the years. We asked some amazing questions, listened well and then used our knowledge in our lessons when we came back to school.

English

Our story this half term has been 'The Giant Jam Sandwich'. We wrote instructions and followed them to make our very own jam sandwiches. We worked well in teams and had amazing spreading skills!

We had a fantastic time during health week, exploring a range of activities that support our health and wellbeing. We also loved tasting a range of delicious fruits!

We have had an amazing time in Year 2 and can't wait for our new challenges in Year 3!
