

The Hub Newsletter Autumn 1

All About Me- We have been exploring what makes each of us special. The children have been creating faces, looking at different features and talking about what they see. We have also been learning about our families and the different people who are part of our lives.

Space - The Hub children had a fantastic time taking part in our whole-school Space Week! They explored space through songs, hands-on activities and planet sequencing, learning about the order of the planets in our solar system. Inspired by Whatever Next!, the children worked together to sequence the story's main events, developing their communication and teamwork skills, they then used junk modelling materials to build their own rockets and imagined blasting off to the moon!

Bubbleathon- The Hub had a fantastic time taking part in the Bubbleathon! Throughout the day, pupils enjoyed exploring bubbles through fun, sensory activities, laughter and teamwork. It was a wonderful opportunity to have fun, build confidence and make some lovely memories together!

Autumn - As part of our Autumn learning, the children have been busy exploring the changes that happen all around us during this beautiful season. They have been learning about the colours, sights and features of Autumn, from changing leaves and seasonal weather to exploring the natural world around them.

Announcements!

School breaks up on **Friday 23rd October** and reopens for children on **Monday 2nd November**.
