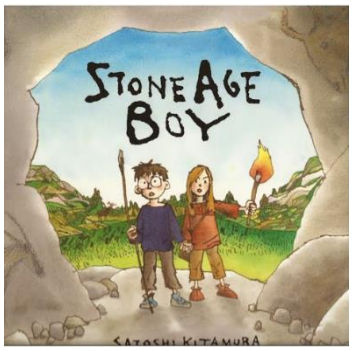
Year 3 Newsletter Autumn 1

What a wonderful start we've had to year 3. We have settled back in school well and we are all trying hard to follow our classroom rules. We are really enjoying learning about the Stone Age, rocks and our new music topic I've been to Harlem. We have also enjoyed participating in whole school events. We loved learning about Greece and looking at the history of rockets.



In English, we have been looking at the text Stone Age boy. We wrote our own diary entry from the perspective of the boy. We have also been enjoying looking at how to wash a woolly mammoth and creating our own set of instructions,

What a wonderful time we had at Broom House Farm! We were an absolute pleasure to take out. We had a great time and enjoyed exploring the farm, loved our tractor ride and enjoyed experiencing the amazing room.

Can we take a piglet home?

Alyssa

It's dirt pudding- magma at the bottom, biscuit for the crust, wheaties for the bedrock, subsoil chocolate then top soil of Oreos.

Emily

What a great time we have had in Science in this term. Take a look at us creating 'dirt pudding' to represent the layers of the earth.

<u>Dates for the diary</u>
